REQUIRED SKILLS AND SUGGESTED TASKS

"Analysis and Conduct of Customer Relationship" test

**Compétences et activités- Epreuve d'ACRC-BTS MUC**

The internship carried out by BTS MUC (the equivalent of a two-year Technical Degree in Sales Management) first year students will allow them to acquire or broaden their professional skills in real work situations. This internship relies on common business tasks performed in business units or tasks that are suggested by the teaching staff, with the approval of the student's tutor in the business unit, to complement his/her own plans.

Le stage de première année en BTS MUC doit permettre à l'étudiant d'acquérir et/ou d'approfondir des compétences professionnelles en situation réelle de travail. Ce stage s'appuie sur des activités commerciales courantes menées dans l'unité commerciale ou, à titre de complément, des activités proposées par l'équipe pédagogique en accord avec le tuteur de l'unité commerciale.

At the end of the internship period, the student takes an oral test entitled "Analysis and Conduct of Customer Relationship". Here are the required skills:

Skill 41: Selling

Skill 42: Ensuring the quality of customer service

Skill 53: Setting up an appealing and functional commercial space

Skill 54: Boosting product and service offering

Skill 6: Searching and applying information that is relevant to the commercial activity

A l'issue de ce stage, l'étudiant se présente à une épreuve orale intitulée « Analyse et Conduite de la Relation Commerciale » qui évalue les compétences suivantes :

**Compétence 41 : Vendre**

**Compétence 42 : Assurer la qualité de service à la clientèle**

**Compétence 53 : Mettre en place un espace commercial attractif et fonctionnel**

**Compétence 54 : Dynamiser l'offre de produits et de services**

**Compétence 6 : Rechercher et exploiter l'information nécessaire à l'activité commerciale**

Those skills are assessed via a number of activities performed by the students. Here are the assessment criteria :

- Analysing work situations
- Using relevant tools and methods
- Performing commercial activities with a certain level of autonomy
- Utilizing ICT tools
- Examining the Market Information System
- Applying the Market Information System
- Providing detailed information on the assignments

Ces compétences sont évaluées à partir des nombreuses activités menées par l'étudiant. Les critères d'évaluation sont les suivants :

- la qualité de l'analyse des situations professionnelles
- l'utilisation pertinente des outils et méthodes
- le degré d'autonomie dans les activités menées
- l'efficacité du recours aux technologies de l'information et de la communication
- l'efficacité de l'interrogation du système d'information commercial
- la qualité de l'exploitation du système d'information commercial
- le degré de couverture des activités

#### List of suggested activities

##### Skill 41 - Selling :
